---

**ACTION REQUESTED:** None. This information is provided as background and for the purpose of discussion.

---

**ISSUE STATEMENT:** The Oregon Regional Accelerator & Innovation Network (RAIN) serves the South Willamette Valley as a resource to regional tech-based entrepreneurs and start-up companies. Jim Coonan, Executive Director of RAIN, will present an overview of the importance of innovation and entrepreneurship and the role of RAIN in the region.

**ATTACHMENTS:** 1 – RAIN Presentation

---

**DISCUSSION/  
FINANCIAL  
IMPACT:** RAIN works to turn business ideas into high impact, innovative, traded-sector tech-based companies which can grow and thrive locally. RAIN Accelerators are located in Corvallis and Eugene, providing disciplined mentored business acceleration programs. RAIN also works to build innovation networks which connect resident talent, capital and infrastructure, including the resources of the University of Oregon and Oregon State University, into an intelligent network that is easy for entrepreneurs to access and navigate at all stages of business development.

RAIN is supported through partnerships with local governments, surrounding universities, the business community and entrepreneurs desiring to advance the formation and growth of tech-based startups regionally.

**COUNCIL GOALS/****MANDATE:**

Provide Financially Responsible and Innovative Government Services

Adopted City policies recognize that the funding sources for different services vary greatly from full cost recovery to full tax subsidy to outside grants to a combination of many different sources. Review of rates, sources and cost recovery models on a regular basis is important to ensure that citizens are able to receive maximum service for the resources available.

---

**BACKGROUND:**

The City's schedule of fees and charges are established by Council action. Changes to the City of Springfield's fees and charges can be modified through action by the Council or staff. The most common of actions by the Council is by simple resolution. The authorization to levy the fee may be contained in the municipal, building, development or fire code, but the actual amount of the fee itself is established by resolution. These most commonly are brought to the Council with a public hearing and are adopted at that time.

On February 09 Council reviewed the Master Fees and Charges recommended changes in preparation for the March 02 public hearing. In that review there were 4 types of fees identified that were on different timelines and were not part of this review and there were 4 recommended fee changes that Council requested additional information. The 4 fees on different timelines were:

- Section 6 Building and Safety Fees – Spring of 2015
- Section 7 Planning Services – Reviewed in FY16 and implemented FY17
- Section 9 Utilities - Spring 2015
- Section 10 System Development Charges – Fall 2015 annual inflationary index

The 4 fees that additional for which additional information was requested were:

- Section 1 General Fees – Merchant Fee Change
- Section 3 Library Services – Non-Resident Fee for Library Card
- Section 4 Municipal Court – Probation Violation Fee
- Section 9 Utilities – Telecommunication Business License Tax

Further explanation of the four fees that more information was requested are as follows:

#### General Merchant Fee (Page 7)

This was a new fee recommendation that would allow the City to charge an additional fee to patrons who chose to pay by credit card. Recent law changes to banking practices made it allowable to charge up to an additional 5% for the privilege of the use of a credit card. Recommendation was for a new fee of 2%. Council asked staff to explore the option of a tiered fee where the fee would be applied to only those transactions that were over a certain dollar amount.

Upon further study staff is now recommending that this new fee under consideration be removed from the recommended list and not pursued at this time for reasons, including both the merchant card service providers and the City's own technology capability. Looking in to the implementation strategy to collect this fee showed that the technology does not exist within the City's multiple billing and collections programs (Accela in DPW, Tyler in Court, Ambulance and Fire Med billing in Fire, etc.) to charge and collect this fee without a very large degree of staff time and training. This would revert over the counter collections to a highly manual process or an entirely new series of point of sale terminals. Customer understanding and satisfaction would decrease. The technology gap would exist whether the fee was implemented as originally requested as a single percentage on all fees or the consideration of a tiered percentage based upon dollar value.

#### Non-Resident Fee for Library Cards (Page 14)

The sale of non-resident library cards is an existing fee that has previously been set at \$80 for a full year, \$46 for 6 months, \$23 for 6 months and \$9 per month. The recommendation from Library staff was to increase the annual fee to \$85, the six month fee to \$50 and the 3 month fee to \$25. It was also recommend that the sale of monthly card be discontinued. Council's question concerning this fee increase was cost to non-residents and the revenue that was raised for city services from non-resident library users. The following is some information about the Library's patron card program:

- We have several types of cards but the main 3 types are:
    - Patron cards that are supported by taxes (e.g. city residents-14,801, city property owners)
    - Patron cards that are purchased (e.g. paid non-resident cards)
    - Patron cards that are issued to non-residents for no charge (e.g. School District 19 teachers & educational assts. – 47, city employees & their families - 92, non-resident volunteers who work in lieu of payment 19 – we have a limited capacity for the number of volunteers we can accommodate.
  - Non-resident cards that are paid for: 419 Revenue: \$18,503 (Includes Gift of Literacy Cards for 1<sup>st</sup> graders that are paid for by a Rotary / Wildish family grant).
  - Only the third category could be construed as being “free” since the Library receives no revenue for providing services to them. Half of that group is made up of city employees and has been offered as a benefit for decades. Of the 92 CE cards only 66 are actual city employees. There are 47 School District teachers or educational assistants who take advantage of the opportunity to receive a library card. This was a request through Team Springfield & Nancy Golden early in my tenure here.
  - There are essentially no other “free” cards since either tax dollars or payment is received for the other two categories of cards.
  - The value of 2014 Gift of Literacy cards was determined by the number of 1st graders living outside the city limits. That is, the number of families not
-

individuals, living outside the city's service jurisdiction. In last year's case it was 65 first graders X \$80/year = \$5,200. By the way we have just received an "estimate" from the school district that they have 780 total students living outside the city limits. It was the district's recommendation that we divide that number by 2.5 (average number of kids per household) and that brings us to 312 families that would receive a card for their student(s).  $312 \times \$80 = \$24,960$ . We based the amount requested on the actual value of the cards issued.

#### Probation Violation Fee (Page 17)

This fee is currently in existence and showed up as a change in the Master Fee and Charges Schedule as the last printing inadvertently omitted the fee from the printed copy. There are no recommended changes to the fee. Council asked staff to review the statement that "the fee may be waived at the discretion of the judge".

Upon review it was found, although seldom used for this fee, this phrase exists for the benefit of the Court in providing the Presiding Judge the ability to exercise judgment on a defendant's ability to pay. When assessing a fee, the Judge bears the responsibility to make a finding if a defendant can afford such fee and if determined that they cannot, the Judge must be willing to modify or waive the fee. A quick look at a court records show that this seldom occurs for parole violations. It is recommended that this fee remain as currently described.

#### Compensation Fee for Use of Public Ways (Page 73)

This fee is currently in existence and showed up as a change in the Master Fee and Charges Schedule as the last printing inadvertently omitted the fee from the printed copy. There was no recommended change to the fee. Council asked staff to review the current \$3.85 per foot fee for appropriateness.

The per foot fee is for provider of utilities and telecommunication services who use the city's rights of way space to run communication lines through the city. These lines do not provide service to the residents of the city but do use the city's rights of way taking up rights of way space in the ground or on poles. The fee is a way to charge rent, for example, on that space. This fee was first defined in Resolution 1-11, February 20, 2001 and it set the fee at 2.25 per foot. There are three more resolutions that incrementally increase the fee over the course of 10 years; Resolution 6-29, 6-19-2006, raises the fee to 3.25 per foot, Resolution 8-26, 6-2-2008 raises the fee to 3.50 per foot, and finally Resolution 11-23, 6- 20-2011, raises the fee to 3.85 per foot.

Using comparative Oregon city data from an Oregon Association of Telecommunications Officers & Advisors survey shows that the majority of cities charge \$4.00 to \$5.00 per foot. Specifically the City of Eugene charges franchisees \$4.00/foot and non-franchisees \$5.00. The City of Corvallis has set a rate for telecommunication providers at \$3.70 per foot.

For review purposes, staff has left as the remainder of the briefing memo the complete list of recommended changes that were before Council on February 09<sup>th</sup>. If since the previous work session there have been other questions or interests of the Council staff will be prepared to address those at this second work session. If there are not additional questions staff will begin preparation of the final document for the public hearing on March 02nd.

Page 7, City Hall Meeting Room Rates (Standard)

The City of Springfield City Hall public meeting rooms (City Hall Lobby, Library Meeting Room, Jesse Maine Room and Meeting Room 3) are available for the community to use. However, to ensure availability of the rooms for city business, room usage shall be prioritized as follows:

1. City Council meeting or functions
2. Other city departments, including City Council advisory committees
3. Other public agencies
4. Other community organizations and groups
5. Special events

All meetings conducted in the meeting rooms must be open to the public. Priority categories 1, 2 and 3 may be subject to the requirements of the Oregon Public Meeting Law, ORS 192.610 - 192.660 and may bump lower category events. All priority categories are available without regard to any distinction, discrimination, or restriction on account of race, color, religion, sex, sexual orientation, age, marital status, disability, or national origin. No fees, dues or donations may be charged or solicited for any program or meeting held at City Hall. Rooms may be scheduled by the public if not in use for one of these other priority functions.

Springfield's Administrative Regulation #2 - City Hall Building Policy requires: "A fee for City Hall security shall be charged for the time a meeting or event extends beyond normally scheduled business hours (prior approval is required)." This fee covers staffing expenses related to keeping the building open and secure outside of normal operating hours.

Room usage during operating hours	Per hour \$ 0.00
Room usage outside of operating hours	Per hour \$ 45.00

Explanation: The City Hall Meeting Room Rates was inadvertently left out of the original fee schedule and is now being incorporated.

## City of Springfield, Oregon

Springfield is a family-friendly community where a healthy economy and numerous historical aspects of Oregon's past have blended into a vibrant place to call home. Springfield is adjacent to I-5 and nestled between two rivers. The McKenzie River is world-famous for fly fishing and summer steelhead. The Willamette River also boasts excellent fishing and is popular for whitewater rafting.

This Master Fees and Charges schedule consolidates all City fees and charges, adopted by City Council resolutions, for the various services that the City provides. It is scheduled to be updated semi-annually and reflects all fee resolutions passed by Council during the year.

### Fee Variance and Waiver Statement

Based upon an unusual circumstance or event, past practices, demonstrated hardship, or public benefit, the City Manager is authorized to waive or decrease a fee(s) or charge(s) in a particular matter or establish a fee not yet authorized in this resolution. When a new fee is established by the City Manager it may be incorporated into this resolution. It shall be communicated to Council in writing to allow opportunity for comment.

The request for a waiver or reduction may be in writing. If the City Manager or his designee agrees to said waiver or reduction, he/she may inform the City Council, in writing, of the request and his/her decision, except in minor matters.

The City of Springfield has three types of fees and charges with different methodologies for changing them:

- Master Schedule of Fees and Charges Established by the Municipal Code  
The Municipal Code provides the right for the City to establish a fee or charge against the cost of providing a particular service. In some cases the specific amount of the fee itself is contained in the municipal code. In these cases it takes the passage of an ordinance by the Council to change the actual fee. Example of fees that are included in this category are business license, sanitary and storm water rates, technology fees and SaniPac franchise fees.
- Master Schedule of Miscellaneous Fees and Charges Authorized within the Municipal Code, Development Code or Fire Code  
The Municipal, Development and Fire Codes provide the right for the City to establish a fee or charge against the cost of providing a particular service. In these cases the specific amount of the fee itself are not contained in the respected codes, only the authorization to levy the fee. In these cases it takes the passage of a resolution by the Council to change the actual fee. Examples of major fees that are included in this category are the City's planning fees, ambulance transport fees, system development charges and hazardous material inspection and storage fees.

- Master Schedule of Fees and Charges Contained Established by the Building Code  
The Building Code provides the right for the City to establish a fee or charge against the cost of providing a particular service. In the Building Code the specific amount of the fee itself is contained within the code. In these cases it takes the passage of an ordinance by the Council to change the actual fee. But prior to the passage by Council, all building fees that are regulated by the State Building Code must first be presented to the State and follow a specific public hearing notice schedule. Examples of major fees that are included in this category are the City's building permits, plumbing inspection and electrical inspection fees.

Permit cost is 3% of valuation of work to be performed for the system up to a system’s contract value of \$50,000; then \$3.00 for each additional valuation of \$1,000 or portion thereof.

This formula will be applied to calculate fees for permits adopted in the City of Springfield Fire Code:

- 105.7.1 Automatic fire extinguishing systems and appurtenances
- 105.7. 1.1 Fire Suppression Sprinkler systems
- 105.7. 1.2 Commercial kitchen hood suppression systems
- 105.7.2 Battery Systems
- 105.7.3 Compressed gases
- 105.7.3.1 Detection systems, liquid and gas leak systems.
- 105.7.4 Fire alarm and detection systems and related equipment.
- 105.7.5 Fire pumps and related equipment.
- 105.7.6 Flammable and combustible liquids.
- 105.7.7 Hazardous materials.
- 105.7.9 Private water mains and hydrant systems.
- 105.7.10 Private fire hydrants
- 105.7.11 Spraying or dipping.
- 105.7.12.1 Standpipe systems.

Additional Staff Time (in excess of 2 hours) \$16.00 per qtr/hour

Fees will be collected by the Development and Public Works department at issuance of the building permit as an additional fee.

**Fire Department New Construction Square Footage Fees**

Residential Square Footage \$0.05/per sq ft

(a) A scaled plot plan with building dimensions, setback and location of proposed signs shall be submitted with the sign permit application. A photograph of each facade of the building shall be submitted.

(b) A scaled elevation drawing shall be submitted in addition to the above requirements if a wall mounted sign will be erected.

(c) A description of materials, anchors, footings and attachment systems shall be provided.

(d) For all freestanding, pole or projecting signs over 20 feet in height, plans shall be submitted, drawn by a registered engineer.

(e) Each application shall include photographs of existing signage on the property associated with the business.

(f) If the application is for a billboard, the application must include an approved permit from the state of Oregon under the Oregon Motorists Information Act of 1971 (ORS 377.700 et seq.) prior to the erection of the billboard.

Per Sign \$42.00

### Sign Permit Fees

(SMC 8.218(2)) (2)

Permit-Fees. Sign permit fees for permanent and temporary signs, excluding electrical, shall be set by resolution of the council. Only one face of a double-faced sign will be used for calculation purposes. Each sign shall be considered separately when calculating plan review and sign permit charges.

0-35 square feet	\$80.00
36-to 60 square feet	\$110.00
61 to 100 square feet	\$140.00
101 to 150 square feet	\$160.00
151 to 200 square feet	\$200.00
201 to 300 square feet	\$250.00
301 to 400 square feet	\$300.00

5% Technology Fee (surcharge) will be applied when imposed or collected.

10% Administrative Fee will be applied when imposed or collected.

**Temporary Sign Permit Fee**

*(SMC 8.218 (4)(3))*

Temporary Sign Permit Fees. Four permits for each approved development area shall be permitted per calendar year. The fee for each permit shall be set by resolution by the council. No temporary sign(s) shall be larger than 60 square feet and be erected for a maximum of 30 consecutive days per each permit. The temporary sign(s) shall be located completely on private property and shall be in compliance with the required setbacks as identified in this code. A security deposit is required when this permit is issued. If the applicant fails to remove the temporary sign(s) by the date specified on the permit, the deposit shall be forfeited and the city may remove the temporary sign(s). If any temporary signs are erected without first obtaining a permit, the permit fee shall be doubled. Temporary signs erected by or for the city for city sponsored events, authorized by the city, or for the park district, utility company, or hospital for community events are exempt.

Per permit	\$100.00
Plus security deposit	\$100.00

5% Technology Fee (surcharge) will be applied when imposed or collected.

10% Administrative Fee will be applied when imposed or collected.

**Sign Code Modification Fee**

*(SMC 8.238(2))*

A modification is defined as a request for a sign that complies with the provisions of this sign code in all respects except size or height and the proposed request is not more than 15 percent greater than otherwise allowed. If the applicant chooses to apply for a modification to the sign code, they may apply through the development services department for a cost set by resolution of the council. This modification request will be reviewed, and a decision reached by the development services director within 30 days of the application, providing the application is complete.

The following criteria must be met in order for a modification to be approved:

- (a) Locational and/or dimensional problems have been identified; and
- (b) The proposed adjustment will not cause any of the following adverse effects on neighboring properties:
  - (i) Creates a vision clearance hazard for pedestrians, motor vehicles or bicyclists; or
  - (ii) Creates a hazard for fire prevention or fire suppression; or
  - (iii) Public safety is compromised; and
- (c) The hardship is not self-imposed.

Per application	\$200.00
-----------------	----------

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Sign Code Appeal Fee (Building Board of Appeals)**

*(SMC 8.238(5))* An applicant who is denied a modification request may appeal the decision of the DSD to the building board of appeals for a cost set by resolution of the council. The request will be reviewed by the board and a decision reached within 30 days of the application date.

Per Application	\$150.00
-----------------	----------

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Sign Code Appeal Fee (City Council Appeal)**

*(SMC 8.238(6))* An applicant may appeal the decision of the Board of Appeals regarding an Appeal of a modification or a variance to the city council for a cost set by resolution of the council. The city council's decision is final except that a writ of review to circuit court is available to appeal the city council's decision pursuant to Oregon law. [Section 8.238 amended by Ordinance No. 6008, enacted March 18, 2002.]

## Section 7: Engineering

---

The following fees shall be charged for the Engineering activities of the City:

### Land Drainage Alteration Permit

(Resolution 11-23, SMC 8.332(1), 8.332(2))

#### Plan Checking Fee

For excavation and fill on the same site, the fee shall be based on the volume of the excavation or fill, whichever is greater. Before accepting a set of plans and specifications for checking, the director of public works shall collect a plan-checking fee. Where not covered by the approved improvement plans for the development, separate permits and fees may apply to retaining walls or major drainage structures in accordance with the state building code. There shall be no separate charge for standard terrace drains and similar facilities. The amount of the plan checking fee for grading plans shall be based on the average actual costs as set forth by resolution of the city council. The rates and charges herein provided are for incurred costs based upon the use or availability for use of the public right-of-way and/or the storm sewer system, as well as for meeting the routine obligations of ownership, which is necessary for the regulation of and provision for, the public health, safety and welfare. The charge is controlled by the user's or potential user's request and choice of the kind, nature and quantity of use. The plan-checking fee for a grading permit authorizing additional work to that under a valid permit shall be the difference between such fee paid for the original permit and the fee shown for the entire project.

#### Grading Permit Fees

A fee for each grading permit shall be paid to the director of public works based on the average actual costs as set forth by resolution of the city council. The rates and charges herein provided are for incurred costs based upon the use or availability for use of the public right-of-way and/or the storm sewer system, as well as for meeting the routine obligations of ownership, which is necessary for the regulation of, and provision for, the public health, safety and welfare. The charge is controlled by the user's or potential user's request and choice of the kind, nature and quantity of use. The fee for grading permit authorizing additional work to that under a valid permit shall be the difference between the fee paid for the original permit and the fee shown for the entire project.

#### Single Family/Duplex Residential

"Short Form" fee (Non-sensitive areas: i.e. lot slope less than 15%; no work in or near a drainageway or swale; no wetlands on site; not in a flood plain) =

flat fee of \$475.00

"LDAP" fee (Work within sensitive areas: i.e. any of the following: lot slope equal to or greater than 15%; work in or near a drainageway or swale; wetlands on site; site in flood plain)

 Greater than 25,000 cubic yards-Actual recorded staff costs, overhead and project expenses  
 \$2,689 minimum  
 + \$4,500 deposit and additional deposits as required –(Greater than 25,000 cubic yards).

**Plus permit administration/inspection fee**

Up to 100 cubic yards \$237.00  
 101 to 1,000 cubic yards \$237.00  
 Plus per 100 cubic yards over 100 \$79.00  
 1,001 to 25,000 cubic yards \$949.00  
 Plus per 1,000 cubic yards over 1,000 \$158.00

Greater than 25,000 cubic yards-Actual recorded staff costs, overhead and project expenses  
 \$4,746 minimum  
 + \$4500 deposit and additional deposits as required – (Greater than 25,000 cubic yards).

**Corrective LDAP**

Any LDAP processed after work is conducted without required City approvals is considered a corrective LDAP. In addition to the normal LDAP fees, calculated based on an estimate of the work performed at the time of the corrective LDAP, the corrective LDAP shall also pay for actual recorded staff costs, overhead and project expenses in the administration of the corrective LDAP. The initial deposits for the corrective LDAP, in addition to the standard LDAP fees, shall be \$3,000 for parcels less than one acre and \$3,000 + \$1,500 per acre for parcels more than one acre. If the deposit is insufficient to cover City expenses for the project, additional deposits will be required.

**Re-Inspection Fee \$96.00**

5% technology fee will be added to the total amount due.

**Asphalt Damage Deposit**

(SMC 3.212(3)) The amount of security deposit required in section 3.210 and the temporary storage fee required in section 5.052(2)(a), if applicable, will be determined during the plan checking process and will be due at the time the permit is issued.

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Comprehensive Telecommunication Placement Plan Review Fee**

(SMC 3.226(6) At the election of the applicant, the applicant may file a comprehensive telecommunications placement plan which describes all facilities it presently intends to install. Such plan is subject to approval of the Public Works Director and may be modified from time to time by the applicant with the approval of the public works director. The fee for review of such plan shall be fixed by the council by resolution.

\$742.00

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Curb Cut Fee**

(SMC 3.256) In case the permit shall be granted, it shall be the duty of the applicant to pay a fee based on the average actual costs as set forth by resolution of the council. The same fee shall be charged for new construction or repair. The rates and charges herein provided are incurred costs based upon the use or availability for use of the public right-of-way, the availability of which is necessary for the regulation of, and provision for, the public health, safety and welfare. The charge is controlled by the user's (or potential user's) request and choice of the kind, nature and quantity of use.

First curb cut	\$107.00
Second curb cut	\$57.00
Re-inspection fee	per re-inspection \$101.00

**Curb Cut Fee and Sidewalk Construction Permit-Multiple Permit Discount**

(SMC 3.256, 3.300(1)) Before any sidewalk in a public right of way is started, a permit shall be obtained from the building official. At the time the permit is issued, the applicant shall pay a fee based on the average actual costs for permit administration and sidewalk inspection as set forth by resolution of the

council for the sidewalk, for either new construction or repair. These requirements do not apply, however, when such work is done under contract with the city or covered by a subdivision agreement with the city. The rates and charges herein provided are incurred costs based upon the use or availability for use of the public right-of-way, the availability of which is necessary for the regulation of, and provision for, the public health, safety and welfare. The charge is controlled by the user's (or potential user's) request and choice of the kind, nature and quantity of use.

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Sewer Connection Fee-Unassessed (Sewer In Lieu of Assessment Fee)**

(SMC 3.356(3)) Upon making an application as herein provided, such person shall pay to the city an amount based upon the city's established rate per square foot of benefited property. This rate is based on the average actual sewer construction costs per square foot of benefited property, as set by resolution of the council. Any rate adjustment shall be determined by the previous year's sewer construction costs and projected inflation to the next construction season. The depth of the benefited property shall not exceed 150 feet from the street or 150 feet from the sanitary sewer line if the sewer line is not within the street right-of-way, except by special authorization by the Director of Public Works and based upon reasonable judgment, such as

- a. The location of the building in relation to the referenced 150 foot line;
- b. The possibility of future development for the building sites beyond the 150 foot depth.

Except as provided by (a) and (b) immediately preceding, a reduced charge will be charged for that area beyond the 150 foot line. The sum so paid may be deposited against any future sanitary sewer assessment which may be made against said property. In the event the sum paid exceeds the assessment any excess will be refunded to the property owner.

Per square foot for first 150 feet of depth	\$0.68
And per square foot thereafter	\$0.34

5% Technology Fee (surcharge) will be applied when imposed or collected

**Unassessed Property along McVay Highway, Franklin Boulevard to Nugget Way**

*(SMC 3.356(X) The City Council has determined that a special rate is appropriate for properties directly benefitted by the Franklin/McVay Sanitary Sewer Extension, City Project #21080, to provide a reasonable and just fee based upon the size and configuration of the benefitted properties.*

Per square foot \$0.19

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Sewer Construction Permit**

*(SMC 3.358(4)) An application for a permit to construct a sanitary sewer shall be accompanied by a fee set by resolution of the council. If more than 50 percent of an existing sewer line is to be reconstructed, then it shall be classed as new construction.*

No Charge

**Sewer Reconstruction Permit**

*(SMC 3.358(5)) An application for a permit to reconstruct any sanitary sewer shall be accompanied by a fee set by resolution of the council. If less than 50 percent of an existing sewer line is to be reconstructed, then it shall be classed as repairs.*

No Charge

**Temporary Storage Fee**

*(SMC 3.214 2(b)) Pay the fee for the temporary storage of articles in the public right-of-way during construction as provided for in section 5.052(2)(a), if applicable;*

Per square foot with a \$275.00 minimum charge \$2.00

5% Technology Fee (surcharge) will be applied when imposed or collected.

**General Engineering Fees**

**Public Improvement Permit (PIP) Plan Approval and Deposits**

Schedule of deposits pertaining to PIP plan approval and permit

*(SMC 3.018 (1)) From time to time the council shall, on recommendation of the city engineer, by resolution, adopt a schedule of deposit amounts which shall categorize projects and the required deposit. In determining the recommended amount of a deposit, the city engineer shall consider the actual costs of performing review for approval and preliminary testing, and the costs of inspection, testing and other services provided to projects of similar cost of construction in the immediately preceding fiscal year, adjusted by the change in the Construction Cost Index during the past twelve months.*

*(2) Such actual costs shall include the employee’s base salary; other direct project expenses such as copies, project documentation, the use of consultants, the cost of materials testing and an allowance for indirect costs based on percentages determined by the finance director. Deposits shall be in accordance with such schedule except where the city engineer determines, in writing, that unusual circumstances associated with the project require a deposit of a greater or lesser amount*

**Post Monumentation Deposit for Subdivision and Partition**

*(ORS 92.065(1))*

Base deposit \$2,800.00

Plus monument \$127.00

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Project Bid Books and Project Draft Plans**

*(ORS 192.440(3))* Oregon Revised Statute authorizes the public body to establish fees reasonably calculated to reimburse it for its actual costs in making such records available including costs for summarizing, compiling, or tailoring such records, either in organization or media, to meet the person’s request.

Minimum, but may vary by project	\$27.00
Bid books on Compact disc	\$27.00/per disc

**Real Property Compensation Application Fee**

*(SMC 2.930(11))* A demand shall include payment of a fee in the amount established by separate resolution of the city council to at least partially cover the city’s cost of processing the demand. The city manager may waive the fee if the owner is unable to pay the fee or for other purpose necessary for the public health, safety and welfare;

(b) The city manager shall maintain a record of the city’s actual cost of processing the demand, including the cost of obtaining any information required by section 2.930 which the owner does not provide to the city;

(c) In the event that the fee is not sufficient to cover all of the city’s costs or in the event the owner fails to pay any fees not waived, then the owner shall pay the fee or balance owed, if any, upon receipt of an appropriate billing statement from the city;

(d) If the fee paid is more than the amount of the city’s actual costs in processing the demand, then the excess shall be returned to the owner;

(e) In the event that the fee is not paid in full within 30 calendar days after receipt of billing, the city may take any enforcement actions provided by law to collect such fee including but not limited to filing a lien on the property.

(f) If a demand is determined to be a valid demand the city shall reimburse the owner for any fee paid.

Per Application	\$527.00
-----------------	----------

5% Technology Fee (surcharge) will be applied when imposed or collected.

**Re-Appportionment Fee**

*(SMC 3.154)* Apportionment or reapportionment shall only be made upon the written request of the record owner of the tract or parcel of property involved directed to the finance director. The request shall be accompanied by a survey map of the parcels to receive the assessment liens as reapportioned, together with a legal description thereof. Apportionment or reapportionment shall only be made upon the written request of the record owner of the tract or parcel of property involved directed to the finance director. The request shall be accompanied by a survey map of the parcels to receive the assessment liens as reapportioned, together with a legal description thereof.

First two lots	\$27.00
Extra per lot	\$10.00

**Local Improvement District Assessment Service Fee**

**(SMC 3.072)** An assessment service fee of 6.2 percent of the cost of direct construction, advertising, testing and engineering of local public improvement projects shall be added and included in the assessment made to each benefiting property owner in order to cover the origination, billing and collection cost on assessment.

Per Assessment 6.2% of Assessment

**Reimbursement District Application Fee**

**(SMC 3.610 (1))** A person who is required to or chooses to finance some or all of the cost of an infrastructure improvement which will be available to provide service to property, other than property owned by the person, may, by written application filed with the city public works director, request that the city establish a reimbursement district. The infrastructure improvements must include improvements in addition to or in a size greater than those which would otherwise ordinarily be required in connection with the application for permit approval and must be available to provide service to property other than property owned by the applicant. Examples include, but shall not be limited to, intersections, full street improvements instead of half street improvements, traffic signals, off-site sidewalks, connection of street sections for continuity, extension of water lines and extension of sewer lines. The city may also initiate formation of a reimbursement district. The application shall be accompanied by a fee, as established by resolution, sufficient to cover the cost of administrative review and notice pursuant to this section.

Per Benefitted Parcel \$500.00 Each

**Reimbursement District Administration Fee**

**(SMC 316(2))** The city may charge a fee for administration of the agreement. The administration fee shall be fixed by the council in the resolution approving and forming the reimbursement district. The administration fee is due and payable to the city at the time the agreement is signed (or, if specified as a percentage, shall be paid quarterly based upon the reimbursement fees paid during that quarter).

For Reimbursement Districts with 10 or fewer 10 Benefitted Parcels \$500.00 each  
For Reimbursement Districts with more than 10 Benefitted Parcels  
6.2% of the Reimbursement Fees collected from a District each

**In addition to the Commercial rates above, an Administrative Fee of \$1.514 per account is applied monthly					

**Industrial Pretreatment**

(SMC 4.020)(1)

Purpose. It is the purpose of this section to reduce the city’s cost of implementation of the pretreatment program through a system of equitable charges or fees to be paid by the industrial users of the city sewerage system who are subject to this section for certain service. The applicable charges or fees shall be set forth on a schedule of fees adopted by resolution of the council.

- (2) Adoption.
  - (a) Setting up and operating the pretreatment program.
  - (b) Sampling, monitoring, inspections, and surveillance procedures.
  - (c) Reviewing accidental discharge procedures and construction.
  - (d) Reviewing and acting upon permit applications.
  - (e) Other services as the city manager may deem necessary to carry out the requirements contained herein.

(SMC 4.008, 4.070) No industrial user shall discharge wastewater containing restricted substances into the city sewerage system, in excess of limitations specified by conditions of its discharge permit or published by the city manager. The city manager shall publish and revise from time to time rules which designate and establish limits for restricted substances. At all times, these rules shall cover and be at least as strict as those for pollutants as defined in state or federal regulations. Discharge limits or rules in effect and incorporated into any discharge permit shall remain in effect for that permit until it expires, except as modified pursuant to section 4.024. The city manager is authorized and directed to promulgate such rules and regulations as may be deemed necessary or proper to carry out the purposes or provisions of sections 4.002 to 4.094. Nothing in these sections shall prevent the city manager from seeking judicial or governmental agency assistance to implement the purposes and provisions of this code.

**Annual Permit Fee.**

*Administrative Rule 4.0503 R4.0503-C (1)* A nonrefundable annual permit fee in the amount listed in the most recent amendment of the Oregon Administrative Rule (OAR) 340-045-0075: Permit Fee Schedule Table 70E (Annual Pretreatment Fees-Significant Industrial User) shall be paid to the City by each permitted Significant Industrial User(SIO). The fee shall be due annually on August 1 and will be applied to each SIU specified in the City’s annual DEQ Pretreatment Report for the previous calendar year.

## Section 10: System Development Charges

---

*The System Development Charges are annually increase by an inflationary rate on July 1 of each year.*

The following fees shall be charged for the Development activities of the City:

### Calculating the SDC

The SDC charges for each development is calculated using the worksheet shown as Exhibit 2.

The Storm Sewer SDC is based on Square Feet of Impervious Surface Area. The Sanitary Sewer SDC is based on Drainage Fixture Units as defined by the April 2000 Oregon Amendments to the 1997 Uniform Plumbing Code. The Transportation SDC is based on Average Weekday Trip Generation rates as published in the latest edition of the Transportation Engineers (ITE) Trip Generation Manual. More detailed information on calculating the fees for each system is shown below:

### Storm Drainage

The storm drainage SDC is paid by all new residential, commercial, and industrial development. The charge is based on the square footage of the impervious surface area of the development. Impervious surfaces typically consist of concrete, asphalt, and roofing. The cost per square foot of impervious surface area is 0.615. In applying the SDC, the cost per square foot is applied to the amount of impervious surface area measured at the time the building permit is issued.

**FORMULA: STORM DRAINAGE SDC = IMPERVIOUS SQUARE FEET x \$0.633/SQUARE FOOT**

A 50% credit will be given for the portion of impervious area served by a drywell sized and constructed to City of Springfield Standard Construction Specifications. A SDC credit will also be give for peak ten-year runoff reduction based on documentation provided by the developer and approved by the City.

### Sanitary Sewer-City

The charge is paid by all new commercial, industrial, and residential development. To calculate the impact of new development on the sanitary sewer system, the City uses the number of drainage fixture units (DFU) as the basis of the charge.

**FORMULA: Residential rate increases to \$218.05. Residential city sanitary sewer SDC = number of DFU x \$218.05**

**FORMULA: Commercial/Industrial is \$218.05per DFU. Commercial/industrial city sanitary sewer SDC = number of DFU x \$218.05**

**Transportation**

This SDC is charged on new commercial, industrial, professional, and residential development or change of use. It helps support expansion of arterial and collector roads, traffic signals, and street lighting. The SDC is based on the trip rate of the specific type of development and the cost per trip. The cost per trip is \$261.30 for all use types. A new trip factor is applied to omit short pass-by trips, diverted trips, and other linked trips. Trip rates for developments are based on the current Institute for Transportation Engineers' (ITE's) Trip Generation Manual, or the developer can submit a trip generation study outlined and approved by the City of Springfield. A partial list of trip rates is in the Transportation Fee Schedule, Exhibit 3.

**FORMULA: Number of Trips X Unit X \$268.35 X New Trip Factor**

**Sanitary Sewer (MWMC)**

The Metropolitan Wastewater Management Commission (MWMC) Facility Equalization Charge is a reimbursement fee for the reserve capacity that was constructed to serve new growth. This fee is designed to reimburse the community for its equity in the treatment plant's reserve capacity. Newly developed properties, change of use, or other properties that are connecting to the wastewater treatment system for the first time will pay the equalization charge. New development receives credit for past bond payments on existing debt and for contributions to qualified offsite public improvements. See Exhibit 4, Attachments C. The Flow Estimation Units (FEU) is used for the MWMC Facility Equalization Charge.

**Formula: NUMBER OF FEU x COST PER FEU + \$10 ADMIN. FEE**

**Administrative Cost**

The SDC legislation allows the City to recover its costs for complying with the required changes. A five percent (5%) administrative fee will be added to cover the cost of developing the SDC, establishing accounting mechanisms and administering the ongoing program.

**Residential SDC Payment Deferral Program**

*(SMC 3.412) (4) The purchaser of a home or multifamily dwelling may elect to finance system development charges over a period of 10 years, billed in equal semiannual installments, plus interest and fees*

Interest Rate –Unbonded Average City Earnings Rate plus 2%	
Interest Rate – Bonded	Bond Rate plus 1.5%
Deferral Administrative Fee	\$50.00
Installment Late Payment Fee	10% of Overdue Installment

**Short-Term SDC Payment Deferral Program**

*(City Policy) Whenever the total SDC due for a Building Permit exceeds \$10,000, the applicant may elect to enter into a short-term SDC Deferral Agreement. The Agreement is in the form of a potential lien and must be signed prior to Building Permit issuance. The SDC Deferral Agreement allows the applicant to pay a minimum of \$10,000 toward the total SDC due prior to the City issuing the Building Permit. The balance of the SDC due must be paid in full prior to the City issuing a Certificate of Occupancy for the building.*

Initial SDC Payment	\$10,000.00 at Building Permit Issuance
Final SDC Payment	Balance of SDC Due prior to Certificate of Occupancy

**SDC Credit Certificate Administration Fees**

*(SMC 3.417) (1) In the event a credit authorized under section 3.416(2) is greater than the amount of the charge due, the city shall upon request of the developer, issue to the developer a certificate, documenting the amount of the credit in excess of the charge.*

*(2) Such certificate may be redeemed by the developer and applied to future charges for that type of capital improvement, provided such redemption shall occur not later than 10 years after the date of issuance of the certificate.*

*(3) Any developer issued a certificate shall pay to the city, at the time of issuance, and annually thereafter until such certificate is redeemed, an administrative fee fixed by resolution of the council. Failure to timely pay such annual fee shall not invalidate a certificate, but no certificate shall be transferred or redeemed until all annual fees shall have been paid.*

*(4) The certificate may be redeemed in whole or in parts. If the certificate is redeemed in part, the city shall, upon delivery of the certificate, issue a new certificate documenting the remaining credit available. Such reissued certificate shall expire 10 years after the date of the original certificate, and shall be considered a new certificate for purposes of the administrative fee.*

*(5) Such certificate may be transferred, in whole or in part, to another person, provided, however, that no such transfer shall be effective until the holder of the certificate shall surrender the same and a new certificate or certificates issued.*

Initial SDC Credit Certificate Fee	\$250.00
Annual Certificate Maintenance Fee	\$250.00

ABBREVIATIONS

- TGSF - THOUSAND GROSS SQUARE FEET
- TSFGLA - THOUSAND SQUARE FEET GROSS LEASABLE AREA
- DW - DWELLING UNIT
- TGALEF - THOUSAND GALLONS ESTIMATED FLOW
- VFP - VEHICLE FUELING POSITIONS

\* Calculated as average flow X 8.345 X strength

\*\* Process flow is in addition to other flow

\*\*\* Minimal food preparation - food is assembled from prepackaged food products and cooking, other than warming, is not required.

\*\*\*\* Includes coffee houses and juice bars where appropriate
