

“Helping Light Downtown” Donor Program

The City is excited to announce our new “Helping Light Downtown” donor program. Citizens and businesses have an opportunity to make a donation and receive a plaque that will be installed on one of the new Downtown street light poles. Funds from these donations will help offset the cost of maintaining and operating these beautiful lights.

Each 4” x 6” plaque will be available for a \$500 donation and will include the following:

- Powder coated, anodized aluminum with UV print
- Name of citizen or business making the donation
- Logo of the business making the donation
- “Helping Light Downtown Donor Program” and City logo

Your personalized plaque will be placed on the pole approximately 4 feet above street level and will remain for the life of the pole.

Those interested in buying a plaque or multiple plaques can apply by going to <http://bit.ly/StreetLightPlaque> Donors will have the option of choosing the location of the pole on which their plaque will be placed. A map of all Downtown lights is provided along with the application.

Plaques will be etched and finished by Discover MAC from Eugene, Oregon and will be installed by the City’s Operations Division.
