Prospective Contractor's Understanding

The Prospective Contractor, hereinafter referred to as Contractor, shall determine for themselves all the conditions and circumstances affecting the projected cost of the proposed work by personal examination of the site, Request for Competitive Price Quote documents, and by such other means they may deem to be necessary. It is understood and agreed that in the event the City has obtained information from data at hand regarding underground or other conditions or obstructions depicted in the Request for Competitive Price Quote documents, there is no expressed or implied agreement that such conditions are fully or correctly shown, and the Contractor must take into consideration the possibility that conditions affecting the cost or quantity of work may differ from those indicated.

The Contractor is familiar with and is satisfied as to all federal, state and local laws and regulations that may affect cost, progress, and performance of the work.

Liquidated Damages

a. Delay

It is agreed by the City of Springfield and by the Contractor that the need exists for a damage provision in the event the Contractor fails to complete the work within the Contract time specified, or any extension thereof, by the City of Springfield. The City of Springfield and the Contractor further agree that the Contractor shall be liable to the City of Springfield for fixed, agreed and liquidated damages for each and every calendar day of delay in the amount of \$200.00 per day in accordance with Subsection 108.07 of the Standard Construction Specifications.
