# Springfield Police Department's Mission Statement

The Springfield Police Department strives to respond to the emergency and law enforcement needs of the community through response to calls for service in accordance with established priorities, visible police patrols, enforcement of traffic laws, investigation of crime, and coordination of Neighborhood Watch and problem solving activities.

## Springfield Police Department Values Statement

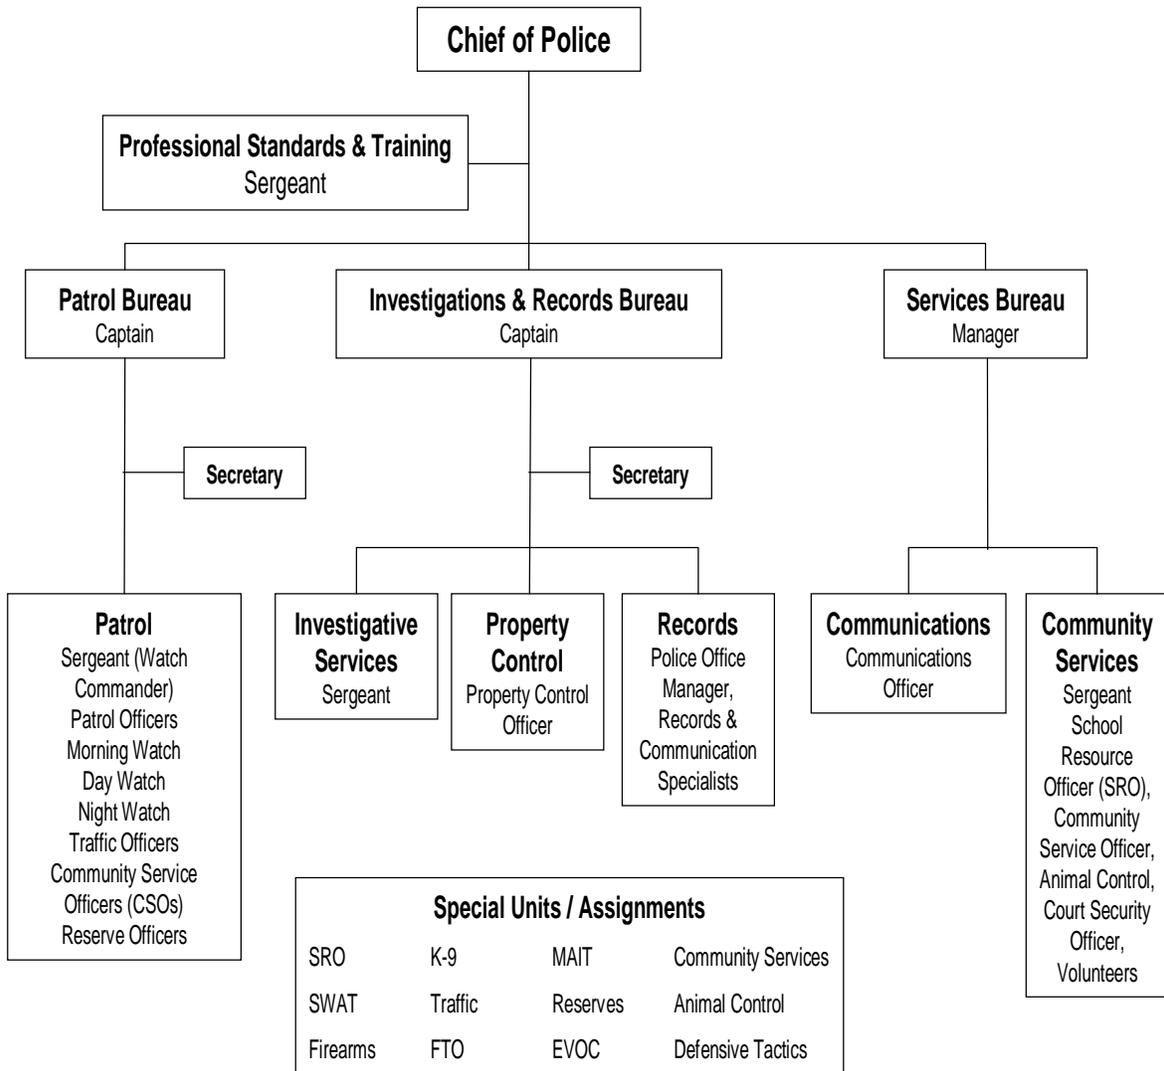

We are dedicated police professionals committed to the community, sensitive to the needs and wants of our citizens, holding ourselves accountable to the highest standards of excellence and achievement.

- ✓ We protect the public
  - ✓ We respond to community needs
    - ✓ We are the best
      - ✓ We are professionals
        - ✓ We create a positive work environment
          - ✓ We celebrate success
            - ✓ We give our best

***Committed To  
Excellence***

# SPRINGFIELD POLICE DEPARTMENT 2007 ANNUAL STATISTICAL REPORT

## Introduction

For a number of years the Springfield Police Department has published an Annual Report covering crime data for the City of Springfield and information about the Police Department. One of the objectives of this report is to give the citizens of Springfield a realistic view of their risks of victimization and to provide detailed information on criminal activity. With this knowledge, the Community and the Police Department can work together to develop effective crime abatement strategies and ensure the quality of life in the City of Springfield.

The overall reported crime rate for 2007 decreased 14.5% from 2006. These numbers are consistent with a national trend that began about three years ago. The drop in reported crimes is due largely to a drop in property crimes, which decreased by nearly 20% from 2006. Most notably, Forgery cases dropped by 44%, from 250 in 2006 to 146 in 2007. Burglaries were also down 26%, from 706 in 2006 to 522 in 2007.

Arrests decreased by 17% in 2007, most significantly in areas of Arson and Car Theft. Arrests for crimes against persons were up significantly however, from 682 to 903, an increase of 32%.

Uniform Crime Reporting data from the FBI for 2007 will not be available until late Fall of 2008; therefore, 2006 data will be reported for this year's comparison to other Oregon cities. In 2006, Springfield had the highest property crime rate of any Oregon city with a population of more than 15,000 people. In violent crimes, Springfield rated 5<sup>th</sup> in the state. By population, Springfield is the 8<sup>th</sup> largest reporting city in the state.

This report is only one of many resources the Springfield Police Department provides to the community. Additional information about the Department and its operations is contained in the 2008 Springfield Police Department Calendar (which is free to the public) and at the Department's web site at [www.ci.springfield.or.us/police/home.html](http://www.ci.springfield.or.us/police/home.html).

The Police Department hopes that this statistical summary will meet the needs of the reader and serve as a comprehensive resource for information about the Department's activities and the state of crime in the community.

Suggestions for changes, corrections and additions for future years are encouraged. They should be directed to the Springfield Police Department, Attention: Services Bureau, 344 A Street, Springfield, OR 97477. Suggestions may also be faxed to (541) 726-3640, marked "Attention: Services Bureau".

## Chief of Police

The Department is led by Chief Jerry D. Smith. Chief Smith began his service with the Department in 1970, after a stint in the U.S. Marine Corps. He was promoted to Sergeant in 1975, and promoted to Captain in 1987. He is a member of the International Association of Chiefs of Police, the Oregon Association of Chiefs of Police, and is a graduate of the FBI National Academy. Chief Smith also teaches criminal justice courses at Lane Community College and is active in the Springfield Rotary Club.

The Office of the Chief provides direction for the police department through planning, organizing, staffing, directing, coordinating, reporting and budgeting activities of the department. This office provides the leadership necessary to direct the efficient and effective administration of the department in a manner that is consistent with the department's mission, values and goals. Primary objectives are responsiveness to citizen concerns, accountability, positive community relations, and positive employee relations.

## Command Staff

In addition to the Office of the Chief, the Department operates three other Bureaus: Patrol, Investigations and Records (ISB), and Services. Patrol and ISB are led by Police Captains, and the Services Bureau is led by a civilian manager. In addition, the command staff in the Department include nine Sergeants and an Office Manager who serve as direct supervisors for various divisions, such as:

- Professional Standards & Training
- Patrol
- Canine (K-9)
- Traffic Team
- Bike Patrol
- Investigative Services
- Property
- Records
- Dispatch
- Animal Control
- Municipal Court Security
- Community Services
- School Resource Officers
- Special Weapons and Tactics (SWAT)

# Divisions

## *Patrol Division*

### **Patrol**

Members of the Patrol Bureau quickly respond to emergency calls for service. Officers abate criminal activity by arresting offenders, issuing traffic citations, reporting criminal activity and serving arrest warrants. Officers investigate traffic accidents and give aid to injured participants. Bureau members provide focused traffic enforcement and parking and abandoned vehicle enforcement or removal. Patrol Bureau members provide police response to special and/or critical events, protecting community safety while interacting with community members through outreach programs.

### **Reserve Officers**

The Reserve Officer program consists of citizen volunteers who receive police academy training and in-service training similar to that of a regular police officer. Their participation in department activities allows them to view the law enforcement profession up close and perhaps decide to join the profession. Reserves augment the department's ability to provide police services to the community, such as crowd and traffic control at planned and unplanned events. In addition, they assist in the security of crime scenes and major traffic accidents.

### **Traffic**

The team consists of four officers whose highest priority is traffic safety. Three of the units four officers patrol on motorcycles, and focus enforcement on school zones, locations of frequent traffic accidents and traffic related issues reported by citizens. The three motor officers performed 2994 traffic stops that resulted in 2530 citations in 2007. In addition, the motor officers responded to 110 motor vehicle accidents. The fourth traffic team member is assigned as a DUUI Officer, focusing on enforcing drunk driving laws. Two officers shared the DUUI Officer position during 2007, and accounted for 227 DUUI arrests and an additional 1379 citations.

### **Drug Recognition Experts (DREs)**

Drug Recognition Experts are specially trained Police Officers that are called to perform drug evaluations on persons suspected of operating a vehicle under the influence of controlled substances. DRE's conduct a nationally standardized 12 step evaluation process to determine the category of drug(s) the person is under the influence of. Springfield Police has two certified DRE's. They are frequently called in to assist other agencies with traffic stops as well.

## Patrol Support Community Service Officers

Funded by the Public Safety Levy originally passed in 2002 and renewed in 2006, the Patrol Support Community Service Officers (CSO) respond to non-emergency calls for service. They are trained in crime reporting, evidence collection, traffic control and parking enforcement. This unit is responsible for responding to abandoned vehicles and for subpoena service. During 2007, the CSO unit responded to 2,918 calls and took 1541 reports. In addition, the CSO unit attempted to serve 2,120 subpoenas.

## Investigative Services Bureau

The Investigative Services Bureau (ISB), Property Unit, and Records Unit provide a wide range of services to the community. The bureau staff frequently interacts with other criminal justice components. Its major responsibilities are the investigation of criminal activity, call taking, report writing, records retention and storage and disposal of property/evidence. The investigation unit investigates crime ranging from murder to minor theft. Detectives are assigned cases by general crime categories. A team of detectives investigates assault, robbery, and burglary crimes; another team investigates youth and/or gang crime; a team of detectives investigates local drug crimes. Sexual assault and child or elder abuse cases are assigned to detectives who have received special training due to the sensitive nature of these cases. In 2007 the Investigative Services Bureau reviewed 4,344 crimes. Of these cases, 532 were resolved by arrest resulting in 1,353 criminal charges.

## Property

The Property Unit stores, tracks, transports and disposes of all property/evidence in the Department's possession. The unit plans and supervises two public auctions each year. The unit supports the Patrol Bureau and the Investigative Services Bureau in criminal investigations and provides direct assistance at the scene of major crimes. Unit members deliver evidence for laboratory examination, and upon adjudication dispose of evidence. An inventory performed on March 28<sup>th</sup>, 2008 showed a total of 12,764 items currently being stored by the Property Unit. Property from a theft case from November 1<sup>st</sup>, 1979 is still being held in the department.

The Property Department will also dispose of any unwanted weapons and/or ammunition for the public. For more information or to pick up property, contact the Property Unit, Monday through Friday from 8 a.m. to 5 p.m. at (541)726-3714.

## Records

The Records division serves as the main point of contact for public service for the Springfield Police Department. They are responsible for entering all non-emergency calls for service into our Computer Aided Dispatch system (CAD) for police response. As the primary contact for the

public they write approximately 30% of all police reports for the department. They handle a variety of requests for service from both the public and outside law enforcement/governmental agencies and process requests for copies of police reports, record checks and vehicle releases on a daily basis.

Records also performs data entry of criminal reports into regional, state and national databases for the purpose of tracking Uniform Crime Reporting in accordance with state and federal guidelines. In 2007, we entered 12,701 reports into these systems as well as thousands of other entries including warrants, missing persons, stolen and pawned property and 10,454 traffic citations for local courts.

## ***Services Bureau***

### **Dispatch**

The Communications Center is composed of thirteen dispatchers who provide staffing 24 hours a day, 7 days a week. All calls for service requiring a response by police officers, including emergency calls, alarms and routine business are routed through this unit utilizing a regional Computer Aided Dispatch (CAD) system. Dispatchers interface with the regional 911 Center and other local law enforcement agencies to coordinate emergency responses, send patrol officers to calls based on priorities, respond to requests for information from officers, and confirm warrants with outside agencies. In 2007, 45,002 calls were dispatched through the Communications Center. The dispatchers provide support for patrol officers and for non-sworn staff working in the field.

### **Crime Prevention**

The Crime Prevention Unit is staffed by 2 full-time employees, one of whom is the Multicultural liaison, and is partially funded by grants. The unit benefits from the assistance of several dedicated citizen volunteers. Crime Prevention provides numerous programs and presentations to the community, including Neighborhood Watch, Business Alert, Safety Town, Residential/Commercial Security Inspections, Lock Out Crime, Operation Identification, Citizen Police Academy, Ride Along Program, Child Safety Fair, National Night Out, tours of the police department, community problem solving, Crime Prevention/Child Safety Displays, and Chronic Disorderly Property Enforcement.

The Crime Prevention Unit also puts on presentations regarding many of the above topics and any crime prevention topic. Call our Crime Prevention Unit for more info: (541)726-3731.

Of special note is the Citizen Police Academy. This program is a long established and important police/community relations program. It is designed to provide citizens with a better understanding of the nature of police work and to provide citizens with the opportunity to interact with department members in a non-emergency setting. It is also an opportunity for citizens to provide input on police policy, practice and procedure. This program typically runs on Tuesday nights between April and June.

## **Municipal Court Officer**

The Court Officer acts as a liaison between the Springfield Municipal Court and our Department. The Court Officer also provides bailiff duties. This officer transports inmates to and from the Lane County Jail for appearances in the Municipal Court. If a person is taken into custody by the Municipal Court, the Court Officer is responsible for searching that person, securing his/her property and booking them into the Lane County Jail. The Court Officer transported 1218 custodies in 2007 and has averaged over 1200 a year for the past four years.

## **Animal Control**

Since 1986 Springfield Animal Control has been providing service to the citizens of Springfield in an effort to educate the public on the care and laws regarding their pets. Animal Control handles calls from a dog at large to an intense investigation of animal cruelty. The Animal Control Officer is now able to use a tranquilizer projector in efforts to safely capture dogs that may be too aggressive to capture by other means. This is a non-lethal form that provides safe capture.

Every effort is made to reunite a dog with its owner. The best way to do this is to have your dog licensed. All licensing is done by mail. All you have to do is call the office for an [application](#) (or print it from our website at [www.ci.springfield.or.us/police/home.html](http://www.ci.springfield.or.us/police/home.html)) and send it in with the rabies certificate and a spay/or neuter certificate (if applicable). You can now license your dog for up to 3 years at a time. The tags are now permanent, instead of getting new tags every year. The Animal Control Office is open from 8 to 4:30 pm, Monday through Friday. They can be reached at (541)726-3634. In order to minimize the number of unwanted pets, please be sure to spay or neuter your animal!

## **School Resource Officers (SROs)**

Since 1998, the department has assigned an officer to each of the two high schools with the responsibility for providing enforcement, counseling and classroom instruction. This program began as a COPS (Community Oriented Policing Strategy) grant, and continues to the present day in partnership with the Springfield School District.

## ***Special Assignment Teams***

### **Major Accident Investigation Team (MAIT)**

MAIT is responsible for the investigation of major traffic accidents. Its members are specially trained in accident investigation and assisting in the prosecution of vehicle assault and homicide. The Team specializes in accident reconstruction, traffic engineering, automotive engineering, and vehicle dynamics to determine pre-crash conditions.

## Special Weapons and Tactics (SWAT)

The SWAT Team is made up of 21 department members who apply to serve on this team. Members are trained in crises intervention, building entry and the use of special weapons. The team is deployed for the service of high risk search warrants or situations where suspects are likely to be armed and dangerous.

## Canine (K-9)

Established in 1981, the Springfield K9 Unit deploys four German Shepherd dogs who along with their partners locate suspects of crimes and evidence. Since its inception, the K9 Unit has been one of the leaders in Oregon in the training and deployment of police service dogs. In 1982 the K9 Unit provided the first President for the Oregon Police Canine Association. In 1995 the first police K9 competition in the state was

hosted by the K9 Unit, a competition that continues on an annual basis. K9 units from around the state have requested and received assistance in the formation of new teams as well as the selection and training of police service dogs. As a result of donations by citizens and local businesses, all equipment for the police service dogs is purchased through a donation fund.

In 2007, Springfield Police Dogs were responsible for the arrest of 71 suspects and the recovery of over \$34,000 in property. Including seminars, individual team training and twice monthly Unit training, the four K9 teams trained for a total of 1419 hours. The Unit conducted 12 demonstrations for 1802 people. Training equipment and a new dog were paid for out of the donation fund in 2007 at a cost of \$10,476.21. The four K9 officers and supervisor continue to review and update the daily operation as well as training methods of the Unit to maintain its high level of service to the citizens of Springfield.

## Bike Patrol

With support from other TEAM Springfield agencies (City of Springfield, School District, SUB, Willamalane Parks and Recreation and the City), the Department has sponsored a summer bicycle patrol team since 2001. The team focuses on enforcing nuisance ordinances in the downtown area and in parks and schools.

In 2007 the bike patrol team was active from May thru mid October, logging in nearly 160 hours. This

proactive team combined for 33 arrests, 9 of which were liquor violations. While routinely dispatched to calls in the downtown area, the bike team also performed 54 traffic stops and 82 person stops.

## **Police Planning Task Force**

The Police Planning Task Force is a 12 member citizen's group that was appointed by City Council in 1994 with the charge to develop a long range strategic plan for police services. In 1996, the group was made permanent and is charged with providing citizen input regarding police policy and strategic matters.

These citizen volunteers meet on the first Thursday of each month and begin the meetings by talking about how things are going in their own neighborhood, and what issues they are concerned about for themselves and their neighbors. Each month, the Chief reviews all of the complaints received from the public against Department members. Each complaint is reviewed, and the Task Force is told of the final resolution of the complaint.

The Task Force also reviews new and existing policies, particularly those with potential of public interest such as police vehicle pursuits, use of force and animal control. This provides an opportunity to assess from a citizen's perspective if the policies "make sense" to those outside the police department.

The Task Force has actively supported the work of the City Council to educate the public, specifically in support of a Public Safety Operating Levy originally passed in 2002 and renewed in 2006. The PPTF was also a voice in supporting the need for construction of a new police facility and municipal jail that was approved by voters in 2004.

The Task Force provides another citizen connection for the City Council. They hear the Department's needs, advocate those needs to the Council and Budget Committee, and then hold the Department accountable for how those resources are used.

## Highlights of 2007

In 2007, many of the long term plans of the Springfield Police Department began to turn into reality. Construction of the new Justice Center began, after several years of planning.

### *Springfield Justice Center*

Planning and construction is currently underway, in anticipation of moving into the new Justice Facility in the fall of 2008. Construction of the municipal jail will begin immediately after that, with an expected completion date in early 2010. This entire project began with the successful passage of Measure 20-91 in November 2004, which provided for funding in the amount of \$28.65 million. The facility will provide space for the Police Department, the Springfield Municipal Court, and a 100 bed jail.

### *Emergency Management Plan*

The Springfield Police Department continues to participate in an Emergency Management Plan, which is an effort to proactively prepare for and provide procedures for maintaining security and order under crisis conditions and eventual recovery. The Emergency Management Plan describes resources needed to maintain civil order and ensure security of citizens, property, and, when necessary, incident scenes at which there is need for protection of evidence pending collection and corresponding investigation. The Plan also describes procedures for augmenting forces during emergencies. Examples of incidents that might require activation of Emergency Management procedures include civil disturbances (crowd control), hazardous materials, special circumstances / incidents / events, and natural disasters.

During an incident necessitating activation of the Emergency Operations Center (EOC), Police will most often organize in a prescribed manner regardless of the nature of the emergency. A Police Incident Commander (IC) will occupy the ICS position of Branch Director. The Police Field Commander will assume the position of Division or Group

Supervisor. Individual units, lead by Police sergeants, can be activated based upon functional expertise/assignment. The position corresponds to the Task Force Leader, Strike Team Leader, and/or Single Resources. Should the magnitude of an event demand a number of Task Forces or Strike Teams performing the same function, additional Field Commanders may be appointed to deal with single-mission contingents/activities.

The Police IC has overall responsibility for all Police personnel committed to the response efforts and will be the ranking Police official assigned to the EOC Operations Room. The Police Field Commander(s) provide direction to assigned field personnel who are detailed on specific missions. In a classic deployment, officers holding the following rank would be assigned specific ICS positions:

- Police Captain – Branch Director;
- Police Captain or Sergeant – Group Supervisor;
- Police Sergeants – Task Force or Strike Team Leaders

Single Resources would be designated by expertise, regular assignment, and/or availability; rank is not a primary factor.

When an event calls for substantial response from Fire & Life Safety and Police, a unified field command post may be established to facilitate coordinated response efforts. Also, Unified Command may define the Operations Section Chief's position.

Springfield PD's section of the Emergency Management Plan serves as an appendix to the citywide Emergency Management Plan, which can be found online at [www.ci.springfield.or.us/FLS/EMP/EmergencyManagementPlan.html](http://www.ci.springfield.or.us/FLS/EMP/EmergencyManagementPlan.html).

# STATISTICAL CRIME DATA

## Introduction

For many years the reporting of crime statistics has been the accepted way to measure the amount of crime for a given area. Current arrest and/or calls-for-service data is compared against data for past time periods, or against a different geographic area, to establish a base line for an expected level of crime. In order to allow some reasonable means for tracking crime trends over time, and for making comparisons across jurisdictions with different criminal statutes, the FBI established a Uniform Crime Reporting Program (UCR) in 1930. Certain crimes or offenses were chosen to serve as an index. Most local jurisdictions also use additional crime categories in studying local crime patterns. The additional offenses used provide a more detailed look at what crime is like in their specific community. In this Annual Report the comparisons between different cities are based on UCR Part I and Part II crimes, explained in more detail below. For the data on crimes and arrests for the City of Springfield, the types of offenses are considerably expanded and the numbers will not match the UCR data. An overview of the UCR program is given below.

## The Uniform Crime Reporting Program

The following information is excerpted from the Crime in the United States 2006 publication.

### Summary of the Uniform Crime Reporting (UCR) Program

The Uniform Crime Reporting Program is a nationwide, cooperative statistical effort of more than 17,000 city, university and college, county, state, tribal, and federal law enforcement agencies voluntarily reporting data on crimes brought to their attention. During 2004, law enforcement agencies active in the UCR Program represented 94.2% of the total population. The coverage amounted to 95.4 percent of the United States population in Metropolitan Statistical Areas (MSAs), 86.9 percent of the population in cities outside metropolitan areas, and 89.2 percent in nonmetropolitan counties.

Since 1930, the FBI has administered the Program and issued periodic assessments of the nature and type of crime in the Nation. The Program's primary objective is to generate reliable information for use in law enforcement administration, operation, and management; however, its data have over the years become one of the country's leading social indicators. The American public looks to Uniform Crime Reports for information on fluctuations in the level of crime, and criminologists, sociologists, legislators, municipal planners, the media, and other

students of criminal justice use the statistics for varied research and planning purposes.

## **Historical Background**

Recognizing a need for national crime statistics, the International Association of Chiefs of Police (IACP) formed the Committee on Uniform Crime Records in the 1920s to develop a system of uniform police statistics. Establishing offenses known to law enforcement as the appropriate measure, the Committee evaluated various crimes on the basis of their seriousness, frequency of occurrence, pervasiveness in all geographic areas of the country, and likelihood of being reported to law enforcement. After studying state criminal codes and making an evaluation of the recordkeeping practices in use, the Committee completed a plan for crime reporting that became the foundation of the UCR Program in 1929.

Seven main offense classifications, known as Part I crimes, were chosen to gauge the state of crime in the Nation. These seven offense classifications included the violent crimes of murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes of burglary, larceny-theft, and motor vehicle theft. By congressional mandate, arson was added as the eighth Part I offense in 1979.

During the early planning of the Program, it was recognized that the differences among criminal codes precluded a mere aggregation of state statistics to arrive at a national total. Further, because of the variances in punishment for the same offenses in different state codes, no distinction between felony and misdemeanor crimes was possible. To avoid these problems and provide nationwide uniformity in crime reporting, standardized offense definitions by which law enforcement agencies were to submit data without regard for local statutes were formulated.

In 1985, the UCR system was expanded to include a second level of reporting, now known as Part II offenses, including Simple Assault, Forgery, Fraud, Embezzlement, Stolen Property, Vandalism, Weapons Offenses, Prostitution, Sex Offenses, Drugs, Family Offenses, Liquor Offenses, Disorderly Conduct, Kidnapping, All Other, and Runaways.

In the fall of 2006, the Springfield Police Department began publishing its Daily Police Log online ( <http://www.ci.springfield.or.us/police/log.htm> ). As a result, citizens are able to peruse calls for service received by SPD. This has enabled the Police Department to provide its citizens with enhanced visibility into police operations, as well as awareness of criminal activity throughout the city.

## Oregon Cities Ranked By Property Crime Rate

<b>City</b>	<b>2006 Population</b>	<b>Violent Crime</b>	<b>Property Crime</b>	<b>Violent Crime Per 10,000 Population</b>	<b>Property Crime Per 10,000 Population</b>
Springfield	56,553	182	3,969	32.18	701.82

## PERSON, PROPERTY, AND BEHAVIORAL CRIMES

In recent years, many jurisdictions have begun separating offenses or crimes into three categories, "*Person Crimes*", "*Property Crimes*", and "*Behavioral Crimes*".

**Person Crimes** are criminal offenses where the victim is present and the act is violent or threatening or has the potential of being physically harmful (e.g. murder, negligent homicide, rape and other sex crimes, robbery, assault, kidnapping, extortion).

**Property Crimes** are offenses that involve taking something of value by theft or deception or the destruction of property (e.g. burglary, theft, arson, vandalism, embezzlement, fraud, forgery). Property crimes are the type of crime that affects the most people in their day-to-day lives.

**Behavioral Crimes** are criminal offenses that violate laws relating to personal conduct, responsibility and public order (e.g. weapons offense, prostitution, drug abuse, liquor violation, disorderly conduct, curfew violations, D.U.I.I.).

Organizing offenses into groups of similar types of crimes by object category may help readers better understand the types of crime problems the community is having. In this report, the charts and graphs specifically for Springfield use this approach. The actual offenses for Part I and Part II crimes and Person, Property and Behavioral Crimes are the same – just organized differently and as used in Oregon, broader in scope and detail.

Crime can vary from one area to another by amount and also by type. Violent crimes are the most serious, since they most often result in injury to the victim. Consequently, police departments have traditionally focused a great deal of their resources on such crimes. However, over the last few years as various community policing programs have been initiated, it has become apparent that in most communities of moderate size, property crimes and behavioral crimes are better indicators for rating the overall feelings of safety in a community. It is these property and behavioral crimes that most often create the fear of crime and reduce the quality of life in the community. In a community like Springfield, a murder or forcible rape can heighten fears temporarily, but what most people hear about or see on an ongoing basis are property crimes such as theft from a vehicle, forgery or vandalism and behavioral crimes like aggressive panhandling, disorderly conduct or liquor violations.

## DEPARTMENTAL ACTIVITY REPORTS

The remainder of this report contains information directly from the Department's own databases, including Calls for Service information, overall crime and arrest reports, and information on domestic violence activity in Springfield.

Because the information in this section is not reported to the FBI in this format, the numbers will not correspond with the UCR data reported in previous sections of this report. Rather than provide only the data which conforms to Uniform Crime Reporting requirements, the intent of the information presented here is to give the reader a sense of the broader activity level of the Department, and an idea of how those activity levels change over time.

The Domestic Disturbance Report, sometimes referred to as Abuse Prevention Act (APA) data, shows the frequency of domestic violence arrests in our community, as well as the frequency at which domestic violence restraining orders are violated.

## SUMMARY OF DEPARTMENT ACTIVITY FOR 2007

## Offenses in Uniform Crime Reporting

The Uniform Crime Reporting Program classifies offenses into two groups, Part I and Part II crimes. Each month, contributing agencies submit information on the number of Part I offenses (Crime Index) known to law enforcement; those offenses cleared by arrest or exceptional means; and the age, sex, and race of persons arrested. Contributors provide only arrest data for Part II offenses.

The **Part I** offenses, those that comprise the Crime Index due to their seriousness and frequency, are defined below:

**Criminal homicide**—a.) Murder and nonnegligent manslaughter: the willful (nonnegligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen. b.) Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a Part I crime, it is not included in the Crime Index.

**Forcible rape**—The carnal knowledge of a female forcibly and against her will. Rapes by force and attempts or assaults to rape regardless of the age of the victim are included. Statutory offenses (no force used—victim under age of consent) are excluded.

**Robbery**—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated assault**—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

**Burglary (breaking or entering)**—The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

**Larceny-theft (except motor vehicle theft)**—The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, worthless checks, etc., are excluded.

**Motor vehicle theft**—The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

**Arson**—Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

The **Part II** offenses, for which only arrest data are collected, are defined below:

**Other assaults (simple)**—Assaults and attempted assaults where no weapons are used and which do not result in serious or aggravated injury to the victim.

**Forgery and counterfeiting**—Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

**Fraud**—Fraudulent conversion and obtaining money or property by false pretenses. Confidence games and bad checks, except forgeries and counterfeiting, are included.

**Embezzlement**—Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

**Stolen property; buying, receiving, possessing**—Buying, receiving, and possessing stolen property, including attempts.

**Vandalism**—Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control. Attempts are included.

**Weapons; carrying, possessing, etc.**—All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Attempts are included.

**Prostitution and commercialized vice**—Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

**Sex offenses (except forcible rape, prostitution, and commercialized vice)**—Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

**Drug abuse violations**—State and/or local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs. The following drug categories are specified: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics—manufactured narcotics that can cause true addiction (demerol, methadone); and dangerous nonnarcotic drugs (barbiturates, benzedrine).

**Gambling**—Promoting, permitting, or engaging in illegal gambling.

**Offenses against the family and children**—Nonsupport, neglect, desertion, or abuse of family and children. Attempts are included.

**Driving under the influence**—Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

**Liquor laws**—State and/or local liquor law violations except drunkenness and driving under the influence. Federal violations are excluded.

**Drunkenness**—Offenses relating to drunkenness or intoxication. Driving under the influence is excluded.

**Disorderly conduct**—Breach of the peace.

**Vagrancy**—Begging, loitering, etc. Includes prosecutions under the charge of suspicious person.

**All other offenses**—All violations of state and/or local laws except those listed above and traffic offenses.

**Suspicion**—No specific offense; suspect released without formal charges being placed.

**Curfew and loitering laws (persons under age 18)**—Offenses relating to violations of local curfew or loitering ordinances where such laws exist.

**Runaways (persons under age 18)**—Limited to juveniles taken into protective custody under provisions of local statutes.
