To whom it may concern,

I just wanted to take a minute to tell you how much I support Trudy Logan and her business Along Came Trudy and how important it is to our community members.

I have had many special occasions held at Along Came Trudy. Each and every one of my events were run with nothing but pure professionalism. When renting her facility she made it very clear that there were some rules that we needed to follow when holding our event at Along Came Trudy. One of the things that she stressed right away was that we could have music but it had to be kept at a minimal noise level and that right at 10pm it had to end. Trudy was always at the event helping in any way she could and also making sure that the noise level was low and that the music ended right at 10pm. She made it very clear that she respected her neighbors and that there would be no leeway regarding sound.

We talked with Trudy regarding a memorial service for a very dear friend. This setting was such a perfect site for the memorial and our dear friend wanted nothing more than to have Trudy hosting her memorial at this beautiful location. It was an amazing event and the setting and Trudy's professionalism made it nothing shy of perfect!

There are so few places for our community to have a wedding, anniversary party, memorial service, birthday party or other events so close to home with such a perfect setting and run so professionally. These events bring out of town guests to our community which in turn brings dollars into the community. When you are looking for that special location Along Came Trudy is where you want to go. I have referred so many people to Trudy because she treats everyone with such respect and works so hard to make sure your event is perfect!

Trudy is so committed to our community and the people who live here. She respects those living around her and made sure we all knew that when renting her facility.

I want to say how important I think Along Came Trudy is to our community as we benefit from out of town guests and also have a perfect location for your event. I hope you look at the professionalism she shows in her job and what she has done for her community.
