Public Improvement Permit Project

P31018 South 51st Improvements

Project Description: This project is tied to an approved commercial development for the adjoining parcel to the east. The improvements consist of widening the existing South 51st Street to allow for a dedicated right turn lane onto Main Street. It also includes paving, sidewalks, street trees, storm drainage, driveway and pavement striping. Some sidewalks on South 52nd Street are also to be included with this permit.

Developer: OBO Enterprises
