Mixed Media Kids' Art Series

Core Concepts with Snowflakes: Shape, Line, and Color

This month our Mixed Media art series gets down to the basics with an exploration of shape, line, and color fundamentals through snowflake design. This program is completely free and designed for children between the ages of 7 and 12. We strongly encourage an adult to attend with their child, because they get to create too! Take home what you make and learn the skills to keep practicing outside the library.
