We would like to express our support for Trudy Logan and her home based business, Along came Trudy.

We have known Trudy for many years through our church Twin Rivers Baptist Church, Spfld. She is a wonderful upstanding member of our community and the community at large in Spfld. She is so kind hearted and would do anything for anybody to help them. She is loving and helpful and ready and willing to take on any task that is set before her.

She has held many wonderful events at her property, and helps many crafts people support themselves through her holiday boutiques and festivals at her lovely property. It is a unique venue for weddings also.

We are hopeful that you will grant her what she needs to continue to have events at her property. It would be a great disappointment to her and many of us if she is not able to do that in the future.

We hope that you will make the decision in her favor. Thank you for listening to our plea .
