To Whom it May Concern,

I am writing this letter on behalf of of Trudy Logan and her venue Along Came Trudy. Closing her amazing venue would truly be a disservice to the community of Springfield. Trudy Logan is an outstanding businesswoman with a heart of gold. Her warmth and genuine interest in people leave an impression on everyone she meets. These rare qualities combined with a unique business setting are truly rare in the business world.

We, as a community should be supporting small business owners like Trudy Logan as her business helps the economy of Springfield.

This court hearing is ridiculous. Shutting her business down will leave a huge hole in the heart of Springfield.

Please stop the madness and let Trudy get back to work serving the people of Springfield!

Sincerely,
Jim & Sandi Hoselton
