To whom it concerns,

I am writing in support of along came Trudy. (Trudy Logan)

This is a wonderful, Beautiful venue that she operates, out of her home. That brings so much to our community!

She hosts an array of events, Weddings, Graduation parties, Retirement Parties, Memorials, A winter show case for several local Artisans, and many other occasions.

Of them that I have personally gone to, or have been a part of, have been extraordinarily wonderful! She goes above and beyond, to make her clients and they're guests, have a wonderful experience, no matter what the event maybe. And at the end of it you have a lifelong friend in Trudy, that's just the kind of wonderful person she is!

Why would the city of Springfield not want a Wonderful person and venue operating in the city of Springfield? It would certainly be a big disappointment and shame if they didn't?

Thank-you
