What to do with all those leaves?

- Use leaves around the yard as mulch and compost.
- Take your leaves to a commercial recycler. Examples are Lane Forest Products or Rexius.
- Use your yard debris container; Sanipac your solid waste hauler recycles all yard debris.
- Bag your leaves and take advantage of Springfield's Bagged Leaf Pickup Program.

Leaf Pickup Program Guidelines

- Place leaves in medium sized garbage bags. Bags are to contain **ONLY** leaves. If bags contain other yard debris they can't be used for compost and will not be picked up.
- Place bags at the curbside, not in the street, by 7 am Monday of the week your neighborhood is scheduled for pick up. Not all bags will be picked up first thing Monday; it may take several days. Severe weather may cause delays.

Please do not blow your leaves into the street!

Piles of leaves can be dangerous. Vehicles may swerve out of their lane to avoid piles of leaves. Bicycles can be forced out of bike lanes and leaves can be an attractive nuisance for children to play in. Per City code it is illegal to place debris in the right-of-way (City Code violation 5.272).

Pledge to do your part and get entered into a drawing!
