

ASSOCIATE PROGRAM MANAGER

Classification Specification

City of Springfield, Oregon

A classification specification defines the general character and scope of responsibilities of all positions within a job classification. This description does not list every duty for a given position; specific position assignments will vary depending on business needs.

General Information	
Classification Title	Associate Program Manager
Classification Code:	MGRAPR
Effective Date:	7/1/2011
Pay Grade:	C44-C45
FLSA Status:	Exempt

Classification Summary

The Associate Program Manager is a professional level classification responsible for managing a technical or administrative program area, including the development of medium and long term development, public improvement or strategic plans consistent with the goals and priorities established at higher levels. Responsibilities will vary in accordance with assigned area of responsibility and may include: managing administrative, professional, specialized, and technical program(s); assisting with or independently establishing project deliverables and timelines within the scope established at higher levels; assisting with the development and administration of functional budgets; developing and implementing compliance plans; developing policy proposals and actions for consideration by City Council, designing operational systems related to area of assignment; and preparing internal and external reports as required by appropriate parties.

Journey Level –Knows and applies fundamental concepts, practices and procedures of a particular field of specialization; performs work that is varied and may be somewhat difficult in nature; moderate levels of evaluation, originality or ingenuity is required.

Advanced Level –Possesses and applies a broad knowledge of principles, practices and procedures of a particular field or multiple fields to the completion of difficult assignments; assignments are broad in nature, generally requiring a high level of ingenuity and originality; has appreciable latitude for un-reviewed actions and/or decisions.

Distinguishing Characteristics

- This is the first level in the program management series.
- Associate Program Managers make process decisions and decide how to best achieve the objectives, standards or guidelines established by higher level management.
- Associate Program Managers are differentiated from Manager/Program Managers in that the higher level classification assists with the management of multiple divisions, sections, and/or major programs, or managing the administrative operations of a single division.

Essential Duties

The duties listed below are a typical sample; position assignments may vary.

Classification Summary

<i>Management Track</i>	
1	Manages complex, multi-disciplinary program and/or project areas.
2	Participates and assists in developing and maintaining strategic planning processes and internal operations for assigned programs.
