Hi Trudy, I have checked with my tenants that live at 3050 and 3052 Hayden Br. Rd. Springfield, Or. They have not had any problems or issues with your event business located 2 driveways down from my property. It seems like your events end around 10-11pm which is not interfering with their schedules. Unless you are changing the way you conduct your business, I have no problem with your current event business. Good luck!!
