Re: Along Came Trudy, Hayden Bridge Road

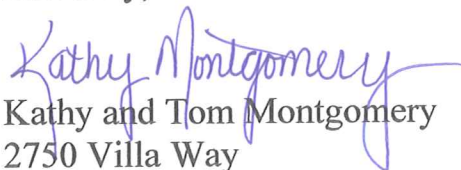

I have known Trudy Logan for 20 years. I first met her when she was a waitress, before She was a business owner. I have known her to be honest, kind and caring of others.

I have attended several functions at her Venue, **Along Came Trudy**, reunions, craft shows etc., and found them to be organized and totally reasonable. Parking is plentiful without encroaching on others, the noise level was very manageable and nothing lasted late in the evening. Guests were always well-behaved and conducted themselves in a respectable manner.

Our city needs venues such as Trudy's. I attended high school with Trudy's husband, David and have known him for 50 years. He is a huge supporter of the City of Springfield. I worked in the Judicial system and in his capacity with the City of Springfield, first as an attorney, then as City Prosecutor, our paths also crossed somewhat in the job field. He has a deep respect for the rights of everyone and I know they have made the necessary improvements to their business to adapt.

I have to say I have never seen anyone who is a harder worker than Trudy. She is full of energy and has a work ethic like no other. I think that the Logan's neighbors should be proud to have them in their neighborhood.

Sincerely,

Kathy and Tom Montgomery
