To Whom it May Concern,

Trudy Logan and her business Along Came Trudy are an important part of Springfield. Trudy has been a part of many great small businesses in Springfield and this one is no different. It seems no matter what you do these days you can't make everyone happy. Trudy has the support of most her neighbors and she is willing to make changes in order to help the remaining few. Cities like Springfield need to support their small businesses and I hope they will show their support of Along Came Trudy.

Thanks,

Kelly Magnuson  
Former Employee at The Pump
