

Learn more about the Virginia-Daisy Bikeway Project!

Virginia-Daisy Bikeway Project

The City of Springfield is working on the Virginia-Daisy Bikeway Project and we need your input on the design concepts being considered. The project will develop a preferred design to provide a safe and comfortable bicycle corridor that can be used by people of all ages and abilities from 32nd to Bob Straub Parkway.

Additionally, the design will enhance the overall appeal of the corridor for all users and residents, improve pedestrian safety and usage, and provide traffic calming to support active transportation along the corridor.
