

Learn more about the Virginia-Daisy Bikeway Project!

Virginia-Daisy Bikeway Project

The City of Springfield has been working on the Virginia-Daisy Bikeway Project and we need your input on the refined design concepts to move forward to the Springfield City Council for consideration this fall.

Over the past two months, we have received feedback and input from numerous neighbors and the broader community through our first open house, emails, one-on-one meetings, and phone calls. We appreciate the concerns, ideas, and thoughts shared and the time to do so.

We have taken the feedback and input from neighbors, the City Planning Commission, and the City Council, and refined the design concepts to reflect the desire and needs of neighbors along the Virginia-Daisy Corridor. We want to share the refined design concepts with you.
