Virginia-Daisy Bikeway Project Draft Final Report

You provided input, We listened!

Thank you to community members for taking the time to provide input, feedback and ideas! A big theme in conversations and feedback we heard from neighbors along the corridor is having appropriate neighborhood speeds along the corridor.

Draft Final Report - [Check it out here](#)

The City Council reviewed and discussed the draft final report during their September 6th work session.

The goals of the project are:

1. Align with City of Springfield's commitment to providing safe transportation options.
 2. Provide a safe and comfortable bicycle corridor that can be used by people of all ages and abilities.
 3. Design to enhance the overall appearance of the corridor for all users, improve pedestrian safety and usage, and provide traffic calming for vehicles.
