The Contractor shall not be liable for, nor be required to defend or indemnify, the City relative to claims for damage or damages resulting solely from acts or omissions of the City, its officials, agents, or employees. L. Equipment and Material

The Contractor shall be responsible for any loss, damage, or destruction of its own property, equipment, and materials used in conjunction with the work.

7. INDIAN GRAVES AND PROTECTED OBJECTS

The Contractor warrants that it will observe all applicable requirements of ORS 97.740 et. seq. regarding Indian Graves and Protected Objects (ORS 358.905-.961 and ORS 390.235-.240).

In the event the Contractor or any of its Subcontractors or agents discover, become aware of, or find any Native Indian Artifacts, sites, human remains, or funerary objects on the real property on which the Contractor is fulfilling this Contract, the Contractor will immediately safeguard the artifacts and site, halt

construction activities at the area of the find, and immediately notify City. If compliance requires some adjustment of the construction schedule, the Contractor and the City shall make reasonable adjustments.

8. TIME IS OF THE ESSENCE

Time is of the essence in the Contractor's performance of the Contract. Delays in the Contractor's performance of the work may inconvenience the public, interfere with business and commerce, and increase cost to the City. It is essential and in the public interest that the Contractor prosecute the work vigorously to Contract completion. The City does not waive any rights under the Contract by permitting the Contractor to continue to perform the Contract, or any part of it, after the Contract Time of Completion specified, or as adjusted by Contract Change Order, has expired.

A. Liquidated Damages

The City of Springfield and the Contractor agree that; (a) time is of the essence; (b) the amounts so fixed are reasonable forecasts of just compensation for the harm that is caused by the breach; (c) the harm that is caused by the breach is one that is incapable of or very difficult of accurate estimation; and, (d) the amount so fixed is not fixed as a penalty to coerce performance of the Contract but is rather intended to be a genuine pre-estimation of injury to the City of Springfield in lieu of performance within the Contract time by the Contractor or the Contractor's failure to report sewage spills. Therefore, it is agreed as follows:

1. Delay

It is agreed by the City of Springfield and by the Contractor that the need exists for a damage provision in the event the Contractor fails to complete the work within the Contract time specified, or any extension thereof, by the City of Springfield. The City of Springfield and the Contractor further agree that the Contractor shall be liable to the City of Springfield for fixed, agreed and liquidated damages for each and every calendar day of delay in the amount of \$<?> per day in accordance with Subsection 108.07 of the Standard Construction Specifications.

2. Failure to Report Sewage Spills

The Contractor also agrees to liquidated damages in the amount of \$500.00 per incident for failure to report sewage spills plus an amount sufficient to reimburse the City for any civil and administrative penalties paid by the City as a result of the Contractor's failure to report. Failure to report sewage spills may subject the City to (1) civil penalties of up to \$32,500.00 per day of violation pursuant to Section 309(d) of the Clean Water Act, 33 U.S.C. § 1319(d); (2) administrative penalties of up to \$11,000.00 per day for each violation, pursuant to Section 309(g) of the Clean Water Act, 33 U.S.C. § 1319(g); or (3) civil action in federal court for injunctive relief pursuant to Section 309(b) of the Clean Water Act, 33 U.S.C. § 1319(b).

9. NOTICE OF PREVAILING WAGE REQUIREMENT

In the event that the total cost of this Contract as specified in Section 1 "General Requirements" does not initially exceed \$50,000 but during the scope of work increases through amendments, change orders, additions, supplements, other contracts, or through any other reason or process, formal or informal, planned or unplanned, to an amount greater than \$50,000 then the entire Contract is covered under the requirements of the prevailing wage rate law and the Contractor will comply with all applicable requirements of ORS 279C.800 through 279C.870.

10. INELIGIBLE CONTRACTORS LISTS

No Contractor, Subcontractor or any firm, corporation, partnership or association in which the Contractor or Subcontractor has a financial interest who appears on *the List of Contractors Ineligible to Receive Public Works Contracts*, as established by the Bureau of Labor and Industries, will perform work under this Contract, as specified in ORS 279C.860.

11. COMPLIANCE WITH ALL GOVERNMENT REGULATIONS/TERMINATION FOR FAILURE TO COMPLY

The Contractor shall comply with all Federal, State and local laws, codes, regulations and ordinances applicable to the work performed under this Contract. Failure to comply with such requirements shall constitute a breach of contract and shall be grounds for termination of this Contract. Damages or costs resulting from noncompliance shall be the sole responsibility of the Contractor. Other grounds for termination are set forth in Sections 108.11 and 108.12 of the Standard Construction Specification of the City of Springfield.

- a) Make payment promptly, as due, to all persons supplying to the Contractor labor or material for the performance of the work provided for in the Contract.
- b) Promptly pay all contributions or amounts due the State Industrial Accident Fund, or private carrier of accident insurance, from such Contractor or Subcontractor incurred in the performance of the Contract. If a private carrier is used, the Contractor shall notify the Engineer as to the carrier's name and address before commencement of work.
- c) Not permit any lien or claim to be filed or prosecuted against the state or a county, school district, municipality, municipal corporation or subdivision thereof, on account of any labor or material furnished.
- d) Pay to the Department of Revenue all sums withheld from employees under ORS 316.167.
- e) Have an employee drug testing program in place at the time of signing the Contract and will maintain such drug testing program in place over the life of the Contract. Upon request, the Contractor shall furnish a copy of the employee drug testing program to the City.

If lawn or landscaping maintenance is involved, the Contractor shall compost or mulch yard waste in an approved site, if feasible and cost-effective as required by ORS 279C.510(2).

In accordance with ORS 279C.515, if the Contractor fails, neglects, or refuses to make prompt payment of any claim for labor or services furnished to the Contractor or a Subcontractor by any person, or the assignee of the person, in connection with the Public Works Contract as such claim becomes due, the City of Springfield may pay such claim and charge the amount of the payment against funds due or to become due the Contractor by reason of the Contract. The payment of a claim in this manner shall not relieve the Contractor or the Contractor's surety from obligation with respect to any unpaid claims.

If the Contractor or first-tier Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the Public Improvement Contract within 30 days after receipt of payment from the contracting agency or a Contractor, the Contractor or first-tier Subcontractor shall owe the person the amount due plus interest charges in the amount of 9 percent per annum commencing at the end of the 10-day period that payment is due under ORS 279C.580(4) and ending upon final payment unless payment is subject to a good faith dispute as defined in ORS 279C.580.

If the Contractor or a Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the Public Improvement Contract, the person may file a complaint with the Construction Contractors Board, unless payment is subject to a good faith dispute as defined in ORS 279C.580.

In accordance with ORS 279C.520, no person will be employed by the Contractor or Subcontractor for more than 10 hours in any one day, or 40 hours in any one week except in cases of necessity, emergency, or where the public policy absolutely requires it, and in such cases the person so employed shall be paid at least time and one-half the regular rate of pay for all times worked in excess of eight hours a day or 40 hours in any one week when the work week is five consecutive days, Monday through Friday; or in excess of 10 hours a day or 40 hours in any one week when the work week is four consecutive days, Monday through Friday; and for all work performed on a Saturday, Sunday and on any legal holiday specified in ORS 279C.540.

The Contractor, Subcontractor or other person doing, or contracting to do, or contracting for the whole or any part of the work on the Contract shall give notice to employees working on the Contract project in writing, either at the time of hire or before commencement of work on the Contract, and by posting a notice in a conspicuous location which is accessible to and frequented by employees, of the number of hours per day and days per week that the employee may be required to work. The posting must remain in place for the duration of the job.

In compliance with ORS 279C.525, the Contractor is made aware that the following federal, state, and local agencies have enacted ordinances or regulations relating to the prevention of environmental pollution or the preservation of natural resources which may affect performance of City of Springfield contracts. This is not intended to be a complete listing of agencies. Other agencies may have enacted ordinances or regulations that may apply.

If the Contractor is delayed or must undertake additional work by reason of existing ordinances, rules or regulations of agencies not cited in the Contract or due to the enactment of new or the amendment of existing statutes, ordinances, rules or regulations relating to the prevention of environmental pollution and the preservation of natural resources occurring after the submission of the successful quote, the contracting agency may, at its discretion, terminate the Contract, complete the work itself; use non-agency forces already under contract with the City, require that the underlying property owner be responsible for cleanup, solicit quotes for a new contractor to provide the necessary services or issue the Contractor a change order setting forth the additional work that must be undertaken.

If the Contractor encounters a condition not referred to in the Invitation to Bid documents, not caused by the Contractor or any subcontractor employed on the project and not discoverable by a reasonable pre-bid visual site inspection, and the condition requires compliance with the ordinances, rules or regulations referred to under this regulation, the Contractor shall immediately notify the City of the condition.

The City's approval of a Subcontractor will not create a contract between the City and the Subcontractor, shall not convey to the Subcontractor any rights against the City, and shall not relieve the Contractor or the Contractor's Surety of any of their responsibilities under this Contract.

17. DUAL PAYMENT

The Contractor shall not be compensated for work performed under this Contract from any City of Springfield agency other than the agency which is a party to this Contract.

18. ACCESS TO RECORDS

No modification of this Contract shall bind either party unless reduced to writing and subscribed by both parties, or ordered by a Court.

22. SEVERABILITY

If any provision of this Contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular provision held to be invalid.

23. CAPTIONS
