

Solicitation No. S2451

City of Springfield

Request for Competitive Price Quote

The City of Springfield is requesting Competitive Price Quotes for the project referenced below.

Project Number: P21158

Project Title: Brooklyn Stormwater Facility

Description: This project includes all aspects required for the construction of a fully operational infiltration basin, also referred to as "stormwater facility", in the northwest corner of the Dari Mart parking lot in Springfield, OR. The work shall include, but is not limited to, the removal of existing material in an area 10 foot by 36 foot to a minimum depth of 6 foot, reaching the depth of native soil, approximately 2,160 cubic feet. The stormwater facility will be filled with a minimum of 1 foot of granular drain backfill material and a minimum of 18 inches of imported topsoil. The imported topsoil surface shall have a leveled center at least 2 feet in width. Plantings will consist of 360 rushes and sedges, 4 inches in size. The perimeter will be excavated to a 3:1 slope, spanning from the edge of the imported topsoil to the elevation of the existing parking lot. A layer of 3 inch open-graded crushed gravel, 6 inches thick, will be placed throughout the sloped perimeter. Boulders shall be placed along the outer edges of the sloped perimeter to provide deterrence from entering the stormwater facility, with object marker signs placed on the southwest corner of the perimeter to alert vehicular traffic.
