

Douglas Gardens Elementary School

2020-2021 Parent Drop-Off and Pick-Up Information

- Welcome back to school! With many parents deciding to drop off and pick up their child for school, traffic flow patterns will be in place to help students arrive and leave school quickly and safely.
- **Help us by following these 4 simple steps:**
 - **Keep moving** – As the cars in front of you move, move ahead as well.
 - **Say goodbye or hi quickly** – Have your child exit or enter your car quickly but safely.
 - **Please be patient** – It will take longer to get to the drop off and pick up zone.
 - **Stay aware** – Look around for students who are walking or bicycling to and from school.
- We appreciate your help in creating a safe environment for all students to go to and from school.
